(United Press Staff Correspondent)
SALONIKI, Dec. 20.—Bulgarians
raided the American Red Cross head-
quarters at Monastir and ripped down
the American flag, it became known
today.

The commanding officer yelled, "I
know that rag. It is good enough to
scare Mexicans but not Bulgarians."

The soldiers seized twenty-four car-
loads of Serbian relief flour.

Dr. Harry S. Forbes, American Red
Cross surgeon, of Boston, protested.
The Bulgarians attacked him and
smashed Forbes with their sword
butts.

Mrs. Walter Farwell, a Chicago so-
ciety woman and newspaper corres-
pondent, attempted to photograph the
fight. The Bulgarians smashed her
camera, grabbed the woman's neck
and arms and roughly handled her.

The soldiers warned the couple not
to attempt to leave. Forbes and Mrs.
Farwell are held virtual prisoners.

Edward Stuart, chief of the Ameri-
can Red Cross in Serbia, has appealed
to the State Department, demanding
the release of Americans.

CHICAGO, Dec. 20.—Mrs. Walter
Farwell, reported to have been arrest-
ed in Monastir, is the wife of the mil-
lionaire son of the late Illinois sen-
ator. She was engaged recently by the
Chicago Tribune as correspondent in
the southeastern theater of war.

Mrs. Farwell's mother's first hus-
band was Stephen A. Douglas, who de-
fated Lincoln for the senatorship.

SCHMIDT LINKED WITH PLOT BY BURNS SLEUTH

LOS ANGELES, Dec. 20.—Donald
Mervin, the Burns detective who
posed as a friend of Schmidt before
and after the Times dynamiting, today
testified at the trial. He declared he
rented a room in the house of Mrs.
Goldman, the anarchist, in New York,
during May and September, 1914, and
that Schmidt also was there. He al-
leged that Schmidt said, "I must get a
new glass eye. The authorities have a

Schmidt said, "I wish I had done this
job alone."

ador to Turkey and Progres-
sive candidate for governor
of New York in 1912, has just been
appointed chairman of the Public
Service Board to take the place of
Edward E. McCall. Politicians re-
gard the appointment as a clever
move on the part of Governor Whit-
man, and think it will go far to-
ward reconciling the Bull Moose
party in the state.

Will Recommend Capt. Leeds for Harbor Engineer

Commissioners Settle Upon
Former Member of United
States Corps

When the Board of Supervisors
meets tomorrow, the Board of
Harbor Commissioners will recom-
mend that Captain Charles T.
Leeds of Los Angeles be appoint-
ed harbor engineer to work with
the harbor commissioners in mak-
ing out a report upon the feasi-
bility of the improvement of New-
port Harbor.

The commissioners had their
choice of a number of the ablest
and most experienced harbor en-
gineers on the Pacific coast. Each
applicant was interviewed, and a
trip was taken him over the bay,
with the result that the com-
missioners gathered much materi-
al to aid them in selecting an en-
gineer.

Captain Leeds is one of the best
known harbor experts on the
coast. He was a captain in the
corps of engineers of the United
States, and did harbor work for
the government at San Diego, San
Pedro and San Luis Obispo.

BULLETIN FLIES TO HUNTINGTON BEACH IN SEARCH OF MEN LOST IN CANOE

LONG BEACH, Dec. 20.—Aviator
Harry Christofferson flew over the
bay here this morning hunting for the
bodies of I. E. McCaron and Jack
Brown, who were lost at sea in an
eighteen-foot canoe yesterday. Fish-
ing boats and launches from the moni-
tor Cheyenne aided in the search.

Christofferson returned at noon and
reported he was unable to locate the
bodies or the canoe. He flew back
and forth across the bay, going south
as far as Huntington Beach. The
launch Tillicum cruised vainly for
hours. It is believed that the boat
capsized and is floating and hard to
locate because of its green color.

IN CRASH WHILE TRAVELING TO BROTHER HURT PREVIOUSLY

Chris, Thomas Nelson Unable
To Escape Fate's Decree
Though Miles Apart

Last night was an unlucky one for
Chris Nelson of Wintersburg and his
brother, Thomas Nelson, who lives on
the San Joaquin.

Fate had decreed that the brothers
were to be in automobile accidents.
And, according to the schedule, the
accidents happened. Though the
brothers were several miles apart, the
two crashes occurred just the same.

At 6 o'clock last night Chris was
crossing South Main street, just north
of the Southern California sugar
factory, when his automobile was
struck by a roadster, traveling, it is
said, at a high rate of speed.

Chris' brother, Thomas, heard of
the accident that had happened.

By 9 o'clock he had traveled from
his ranch on the San Joaquin, had
passed through Tustin and was mak-
ing favorable progress toward Santa
Ana when he struck a buggy and—
well, here are the two stories, told
separately, in order to avoid con-
fusion:

Injured As Cars Hit On South Main

Coming together with a terrific
crash, two automobiles were badly
damaged on South Main street, near
the Southern California Sugar Com-
pany's plant at 6 o'clock last night.
The driver of one of the machines,
Chris Nelson, of Wintersburg, sustained
painful, though not serious injuries
of his ribs. Two men in the other
automobile escaped without injury.

The accident occurred at the inter-
section of Main and the first road
north of the sugar factory.

Nelson was driving west. The other
automobile, a Studebaker, driven by
Earl Crist of the P. G. Weisel Com-
pany, Anaheim, with whom was riding
Albert Messerschmidt, also of Ana-
heim, was being driven north on Main
street.

It is stated that the Studebaker
machine, a roadster, was traveling at
a high rate of speed.

The two cars crashed in the center
of the two streets, the roadster hitting
the front end of Nelson's car.

Turning turtle, Nelson's auto was
hurled to the west side of Main street.
Nelson was thrown out. When the
car came to a stop it was headed
south.

The roadster was also hurled to
the west of Main street, coming to a
stop about seventy-five feet north of
the intersection.

Nelson's car was badly damaged.
The frame was bent and the body con-
siderably deformed.

The roadster's right back wheel was
demolished, the running board and
fenders dented and other damage
done.

Nelson was taken to his home,
where it was found that his injuries,
though severe, were not dangerous.

Buggy Is Rammed By Auto At Tustin

Glaring headlights are believed to
have been responsible for an accident
near the corner of First street and
Glenn avenue, Tustin, at 9 o'clock
last night when a buggy in which Mr.
and Mrs. H. Harper, who live on Tus-
tin avenue, while riding was struck
by an automobile in which were Mr.
and Mrs. Thomas Nelson, who live
on the San Joaquin. Mrs. Nelson sus-
tained several cuts on the face from
flying glass. The other people in the
accident were uninjured.

Both the buggy and the automobile
were traveling in the same direction
—west on First street. An automo-
bile on which were extremely bright
lights approached from the west.

When the Harper buggy suddenly
came to a stop the automobile driven
by Nelson struck the vehicle at the
rear.

The buggy was smashed, though
its occupants were not thrown out.

DURING the recent allied drive on the French front the intense artillery fire of the
English razed many churches in that section of the war zone. The picture at the
left shows the remains of a church at Fromelles. Note the crucifix where the al-
tar was left, as by a miracle, practically undamaged. The picture at the right shows the
interior of a church at Aubers. Below is a map covering the territory in the Near East
which now is and has been for the past few months the scene of the most important de-
velopments in the great European war. Serbia has been given up by the allies. The

mobile was bent. The windshield
was smashed and other minor damage
done.

Splintered glass from the windshield
struck Mrs. Nelson in the face. The
automobile was not overturned.

expedition.

Reports are current that the British
intend to use the Dardanelles troops
in Balkan and Egyptian operations.

The statement declared that the
transfer was effected with "insignifi-

It is indicated that the Turks heav-

The Allies' warships probably cov-

STRONG DEMAND IS MADE IN NEW NOTE

WASHINGTON, Dec. 20.—Immediate
acquiescence by Austria-Hungary
in the principles governing submarine
warfare agreed to by the United States
and Germany is demanded in the sec-
ond Ancona note which was sent to
Vienna yesterday.

This is the basic proposition ad-
vanced in the new note, in which the
United States firmly reiterates its de-
mands for disavowal, reparation and
punishment of the submarine com-
mander.

Break Imminent

There is only one opinion in Wash-
ington as to the outcome unless Aus-
tria changes front. It is declared with
gravest emphasis by officials con-
cerned with the Ancona negotiations
that Austria must adopt the views of
the United States on submarine war-
fare and apply them in the case of the
submarine that attacked the Ancona,
or the United States will cease to
deal diplomatically with the Austrian
government.

The new chapter written into inter-
national law by the submarine negoti-
ations establishes principles so con-
crete, officials said today, that there
can be no compromise or "discussion"
of law. These principles were stated
in definite terms to Germany and
through Germany to Austria-Hungary.
Cannot Plead Ignorance

It was stated by officials of the ad-
ministration, whose words carry
weight, that Austria cannot plead ig-
norance of the views of this govern-
ment on the international law appli-
cable in the case of the Ancona.

It was said Secretary of State Lan-
sing sent from time to time to the Aus-
trian embassy at Washington copies
of the most drastic of the notes to
Germany on the submarine issue. The
State Department regarded this as
"official delivery" and notification
to the Austro-Hungarian foreign office
of the American point of view.

Watched With Interest

Officials have watched with interest
the series of conferences between Am-
bassador von Bernstorff and Baron
Zwiedenck, the Austrian charge, since
the Ancona situation reached the
acute stage. These meetings are in-
terpreted as indicative of an effort
on the part of the German ambassador
to exert his influence with the Aus-
trian government to avert a rupture
in diplomatic relations with the
United States.

SEEK TO SAVE HONEST OIL OPERATORS

**Oil Association Not Fighting
For Gamblers or
Trespassers**

The Oil Industry Association of
California, a voluntary organization of
oil producers, consumers, wage earn-
ers and business men of the oil fields,
has sent representatives to Congress
in the hope of securing some form
of legislation which will prevent the
wiping out of the oil industry which
represents the expenditure of \$300,
000,000.

Every California congressman and
senator has pledged support to the
movement and it is likely that the
subject will occupy much of the time
of Congress at the present session.
Should the government continue to
exact the toll to which it is techni-
cally entitled under the recent ruling
of the United States Supreme Court, it
will cause the loss of hundreds of
millions of dollars to men who acted
in good faith under the law which al-
ways heretofore had been recognized
by the government.

Aid Only for Honest Men

According to statements issued by
the association, and by attorneys for
it, the association is seeking patents
only for the men and companies who
were actually engaged in work, or
who had made a legitimate attempt to
find oil on their lands prior to the
order of President Taft on September
27, 1909, withdrawing the lands from
public entry.

Under the recent ruling of the
United States Supreme Court the gov-
ernment can confiscate the property
of every man and every company
which did not have a patent on Sep-
tember 27, 1909. The oil association
in its statements contends that the
men and companies who, proceeding
under the then existing placer mining
law, had drilled holes and were dili-
gently searching for oil on govern-
ment land were entitled to continue
work with a view of securing a patent
when the necessary amount of work
had been done.

VERDICT IN ARSON CASE SOON BROUGHT

EL CENTRO, Dec. 20.—After brief
deliberation a jury in El Centro has
found W. O. Truax, jeweler of Los
Angeles, Pasadena, Oakland and Ca-
lexico, guilty of arson in burning a Ca-
lexico residence. The verdict was re-
turned Saturday night after a trial
lasting several weeks. In the course
of the testimony the ramifications of
the "arson trust" in California was
minutely portrayed by the various
witnesses who were summoned to
testify for the state.

District Attorney Galen Nichols of
Imperial county and officials of the in-
surance companies in this state con-
sider that the conviction is of signal
importance to them. During the trial
the evidence of an alleged accomp-
lice, George M. Bassett, was received
against Truax, who was charged as
the principal. Under the old code of
procedure the testimony of an ac-
complice was not competent, but by
new statute it is now recognized as
competent evidence.

MILLION TRAINED MEN IN 'LOST U. S. LEGION'

WASHINGTON, Dec. 17.—There
are a million men in the United States
who could respond to the colors in
some form of military usefulness, if
the call came.

These are national guardsmen and
ex-national guardsmen still of military
age; ex-regular army men now in civil
life; the majority of the Spanish War
Veterans and men who have received
training under authorized army offi-
cers in universities. There also are
young men drilled under military men
in high and private schools, and ex-
U. S. marines who have had land
training.

Officers of the U. S. army admit this
would be a highly convenient army
nucleus in time of emergency, but the
government doesn't know where any
of these men are except the national
guardsmen.

Roughly estimated there are 500,000
national guardsmen and ex-national
guardsmen; over 175,000 army and
navy "alumni;" between 180,000 and
200,000 Spanish War veterans and 75,
000 college cadets.

War department figures show there
are now 8,705 officers and 120,693 en-
listed men in the national guard. In
the Spanish war, 223,235 volunteer of-
ficers and enlisted men served. In the
colleges last year, there were 32,000
who had drill, and in the last ten
years 39,000 men have been gradu-
ated who had been trained two years.

Figures for ten years behind that easily
make up the estimated total of
75,000 army officers say.
As to the regular army alumni, an

average of 13,000 fails to re-enlist each
year. The total for 1914 was 14,349.
Even with the loss through deaths
since discharge, incapacitations, re-
moval to other countries and old age,
the figure for twenty years should be
175,000 to 200,000 men.

Recent plans of enlistment in the
war department call for three years
with the colors and four in reserve.
Before that, once a man's term of en-
listment was up, the government gave
no more attention to him.

SOME SIGNIFICANT FACTS CONCERNING CITY GOVERNMENT

WASHINGTON, D. C., Dec. 20.—The
commission form of government is in
effect in 81 of the 204 cities of over
30,000 inhabitants. Civil service regu-
lations are applied to the appointment
of policemen in 122 such cities, in-
cluding all those of more than 300,000
inhabitants. Policewomen are em-
ployed in 26 cities. Municipal prohibi-
tion prevails in 15 cities, state prohibi-
tion in 17, and county and parish
prohibition in 3. In 15 cities certain
saloons are licensed to sell malt
liquors only. These are a few of the
significant and interesting facts which
will be brought out in a report under
the title of "General Statistics of
Cities, 1915," to be issued in the near
future by Director Sam L. Rogers of
the bureau of the census, department
of commerce, and compiled under the
direction of Starke M. Grogan, chief
statistician for statistics of cities.

CARELESSNESS IS BIG CAUSE OF ACCIDENTS

ARE YOU A JAYWALKER?
IF SO, THESE RULES
MAY SAVE YOUR LIFE

- For Pedestrians**
1. "Don't let your familiarity with traffic breed contempt for its dangers."
 2. "Don't forget that if you are carrying a large bundle or an open umbrella part of your view may be cut off."
 3. "Don't vacillate on the approach of a vehicle. The driver will be better able to avoid striking you if you act normally."
 4. "Don't forget that the proper place to cross the street is at the crosswalk."
 5. "Don't day-dream when crossing the street; you are likely to wake up in the hospital."
 6. "Don't jump on or off a moving car."
 7. "Don't try to anticipate when a driver is going to stop or start. Give him space to maneuver."
- For Chauffeurs**
1. "Don't imagine you are a careful driver because you shout or toot your horn at a pedestrian."
 2. "Don't lose sight of the fact that the pedestrian is also permitted to use the roadway."
 3. "Don't forget that children must play and that the streets are sometimes the only place where they can play."
 4. "Don't forget that the operator of a motor vehicle has the same responsibility as the engineer of a train."
 5. "Don't fail to anticipate that persons will cross at the crossings and that you must slow down."
 6. "Don't imagine that traffic regulations were made for everybody but yourself."
 7. "Don't race home after your day's work. This practice caused most of the wagon accidents last year."
 8. "Don't fail to examine your brakes occasionally."
 9. "Don't forget that you cannot stop quickly on a down-grade or on a slippery pavement."
 10. "Don't, if you are in a hurry, try to make up time across the street crossings."
 11. "Don't leave a motor vehicle unguarded so that a child can throw in first speed."

BIG VAUDEVILLE CIRCUIT SIGNED FOR CLUNE'S

NEW YORK, Dec. 17.—A careless walking public and reckless auto drivers are responsible for most of the auto killing and other accidents on the streets of American cities, in the opinion of Police Commissioner Woods of New York City. Campaigns against jaywalking and reckless driving have been inaugurated in New York and many other cities recently.

"The only remedy for this condition," said Commissioner Woods today, "is the education of the public, centralization in the authorities of control over chauffeurs, the improvement of traffic conditions and the streets."

Arrests and fines have failed to teach drivers anything. The courts have been too lenient with these offenders. This, however, does not excuse the pedestrians' carelessness. The jaywalker, or person who crosses the street between blocks, increases public danger, decreases police protection and tends generally to prevent the recovery of damages in case of injury.

COMPLIMENTING HIS FRENCH
"I love to hear you speak French," remarked the sweet young thing.

"Indeed?" said the pompous youth who plumed himself on his linguistic ability. "And why?"

"Because it is so different from most people's French," explained the young thing. "The youth plumed himself some more. But only for a moment, because the sweet young thing continued:

"Yes, so different from most people's French—especially French people's."—New York Sun.

One of the biggest theatrical deals of the year was closed last week by Bert Levy, whereby the "big time" acts formerly used on the Sullivan & Considine circuit were given solid bookings for forty-eight weeks. Mr. W. H. Clune, the well-known theatrical man of Los Angeles, forged the last link in the great chain when he signed up for his theaters at Santa Ana and Pasadena.

Speaking of the deal, Mr. Theo M. Newman, assistant general manager of the Clune Theaters Company, said: "We are going to give to our Santa Ana patrons entertainment that would be a credit to any metropolitan city and at the popular price of ten cents for any seat." The price for children will also be ten cents.

The opening vaudeville attractions will be presented at the matinee Friday, December 24, on the same bill with "Double Trouble," the local film sensation. A complete change of vaudeville and pictures will be made on Mondays and Thursdays.

R. W. McKinney, the local manager, while enthusiastic over the new policy, is wondering whether he can take care of all the people with only one thousand seats.

GIRL CLERKS NOT SUCCESS
LONDON.—The National Association of Grocery Assistants announces that girl clerks taking the place of men are not a great success.

valued at \$100,000, and the only hen that has traveled in a private Pullman car. Her owner, A. A. Christian of Philadelphia, brought her to New York in a private car. An automobile took her to a prominent hotel where she was installed in a luxurious suite. From day to day she is taken to the poultry show to be exhibited.

COUNTY CLERKS DISAGREE AS TO METHOD OF REGISTRATION

(FROM THE RIVERSIDE PRESS)

County Clerk Pilch has announced that he will register voters on party lines when he begins the new registration on January 1. County Clerk Williams, of Orange county, has declared his purpose of following the same plan. Other county clerks, however, will refuse to accept any registration involving a declaration of party affiliation. A dispatch from Stockton gives the following report from San Joaquin county:

County Clerk Graham has announced that he will not permit party designations to appear in affidavits of registration unless the Supreme Court orders otherwise before the great register is opened January 1.

In taking this stand he is diametrically opposed to Secretary of State Jordan. Jordan advises all clerks to register voters under their party designations, in view of the controversy now existing, declaring that if the courts hold that citizens should have been so registered work will not have to be done over again, while if it is decided that the clerks were in error they can merely erase the designations from the records.

The Sacramento Bee gives the following statement on the attitude of the clerk and district attorney of Sacramento county:

Whether County Clerk Ed F. Proud will register the party affiliation of voters, when the regis-

tration begins January 1, probably will not be decided until Attorney General U. S. Webb renders an opinion which will affect all county clerks in the state.

Proud requested an opinion from District Attorney Bradford as to whether the insertion of a clause calling for party affiliation in the registration affidavits would invalidate the affidavits. It is understood an opinion will be rendered by the attorney general which will fully cover the point and that the district attorneys and county clerks of the state will be governed by it.

While no opinion has been given by Bradford it is understood it is held a clause calling for party affiliation might be inserted without invalidating the affidavits. Such an opinion would merely go to the legality of the affidavits, and would not determine the question as to whether the county clerks call for party affiliation.

If some county clerks register voters on party lines and others register without party designations, "confusion worse confounded" is likely to result. The advice of the Press would be that voters had better hold off on registering for a few weeks, hoping something will be done to clear up the situation. There is talk of a test case in court, and if one is to be undertaken, the sooner it is started after January 1 the better.

GREAT FRENCH MILITARY HONOR FOR 'JEAN D'ARC OF THE NORTH'

PARIS, Nov. 16 (By Mail).—Seventeen-year-old Mademoiselle Emilienne Moreau of Loos today wears on her bosom the coveted War Cross, after being cited in the order of the day for bravery, before the entire army of France.

Many Jean d'Arcs the present war has developed, but she is the youngest, and one of the very first women in France to be given the War Cross.

Beginning a year ago last October, when the Germans first occupied Loos, she succeeded in so winning the respect of the Germans as to keep immune from molestation or disturbance her aged father who was slowly dying of chagrin over France's troubles. When the father died, the Germans themselves gave Mlle. Moreau the wood out of which she fashioned a coffin, though in accepting it she gave them to understand that nothing could ever diminish her French enmity towards them.

Almost immediately afterward came rumors of the impending attack by the English. This attack began September 25. With the first roar of the three days' artillery bombardment preceding the infantry attack Mlle. Moreau posted herself in the garret of her three-story home to watch the battle. For three days she lay there, face downward, without food, watching. Shells burst about the house. Neighboring walls and roofs crashed down, but Mlle. Moreau's home was not touched.

Finally came the moment for the infantry assault. The killed Highlanders fought into the streets of Loos, while Mlle. Moreau dragged their wounded into her home and cared for them.

In the midst of this task she discovered that five Germans who had taken refuge in a cave were firing on the advancing English and could not be dislodged. Seizing a revolver from the hand of a dead Englishman and a grenade from another she charged. The hurled grenade killed three. The two remaining, with fixed bayonets, charged. Calmly she stood, revolver poised, until the shining blades were almost at her breast, then shot both men.

As the shot echoes died away, the main body of the Scotch came in singing "God Save the King." Mlle. Moreau let them finish, then leaping before the troops, began the "Marseillaise." She had not finished the first verse before every Scotchman had joined her.

The recommendation for Mlle. Moreau's citation was made by General Sir Douglas Haig, commanding the Scotch at Loos. He personally witnessed her heroism and called her the "Joan of Arc of the North."

The citation before the entire French army is the highest that can be given. It takes precedence over the citations before a regiment, division, brigade and army corps.

MAY NOT NOMINATE WILSON, FORECAST

WASHINGTON, Dec. 20.—A rift is beginning to appear in the Democratic ranks and has taken so serious an aspect that some political leaders prophesy that President Wilson may lose the 1916 nomination.

A score or more of prominent Congressmen from New York, Illinois, Indiana, Ohio, Michigan, Missouri and Tennessee have privately expressed their conviction that Mr. Wilson cannot win if nominated. Their assertions have created such an impression on other members that a number have hastened home this recess to feel out their constituents and discuss the situation with local leaders.

Meanwhile the insurgents are quietly trying to unite the opposition behind one candidate. Until at least two or three of the factions opposed to

Mr. Wilson's nominations unite, none will publicly declare themselves, for fear of a flareback.

The present difficulty, according to one of the administration leaders, is the absence of a standard-bearer who will allow his name to be used.

New York Democrats desire the nomination of Senator Oscar W. Underwood of Alabama, according to a canvass of the Tammany delegates. The Illinois and the Middle Western factions, it is rather openly stated, desire Champ Clark, but the Speaker will not even indicate his sympathy for the movement in his behalf.

FULLERTON, Dec. 20.—The San Diego Bar team of Los Angeles crossed bats with the local team yesterday afternoon and were walloped by 15 to 5. The Fullerton boys pounded the visiting pitchers all over the lot, but Hood held the others down to nothing until the seventh inning. He continued to fan them out, but the home boys began to play a little loose and presented them with a few runs.
The brewery kids were hopelessly outclassed and the game was a hippodrome. Daniels, for Fullerton, made two triples, one double and one single. Hood struck out 11; Johnson, 3, and Bidwell, 4. The score:

KANSAS THE UNION'S EXPERIMENT STATION

In the January American Magazine William Allen White opens a new series of articles on glories of the states.

"The state line," he says, "is one of the really great inventions of American civilization. For the state line divides a fairly homogeneous people into separate colonies, or glass covers under which different social, political, religious, and economic experiments forever are working."

"In the glory of the states, one star differeth from another, and it is the glory of Kansas—not that she is occasionally the banner wheat state, not that she, first of all the states, banished the common drinking cup and the roller towel from public places, nor even that she furnished the birthplace and paid for the education of General Funston, of former Governor Hadley of Missouri, and of Jess Willard, though for diversity of crop the trio challenges the world; nor does the glory of Kansas lie in her successful thirty-year struggle with the Rum Fiend, though that contest is notable—the glory of Kansas is that she is as a state the sole legatee and custodian of the New England conscience."

"So, naturally, she is called a crank. She is difficult to live with for in peace one has to quit drinking and to quit smoking cigarettes to send the children to school regularly until they are sixteen to give in the full value of one's property for taxation; not split it in thirds or halves; to let his wife and daughter and mother and sisters vote; to let the state baby bureau nose about the nursery; to let the hotel inspectors poke around in the hotel bedrooms and kitchens, the fire inspector pass on the alleys, and the chancellor of the state university lift the weights and measures in the stores; to refrain from idle love affairs with girls under eighteen; to rent no houses, stores or land in which or on which laws are habitually violated, without being a defendant in criminal action; and to organize no corporation without taking the state so completely into one's confidence that neither

the strawberry mark on one's left arm, nor the filling in one's second molar can escape public examination. Kansas has ideas about these things."

GLAD HE HAD RECOVERED
There is a certain young man who used to be notoriously egotistic. Some of his acquaintances were one day speaking of him before an old lady who was not "up" in the slang expressions of the day.
The next time she met him she put out a congratulatory hand.
"Oh, Mr. Smith," she cried. "I am so glad you are better! I heard last week that you had a swelled head."—Lippincott's.

TEA TABLE TALKS

by MAY DEWITT TALMAGE.

Man's Theoretical Side

Man is apt to surround his life and those near to him with a set of rules made from his own wishes, his ideals, or hereditary instincts. As he goes through life he makes mental notes of what he likes or dislikes in the actions of the people he comes in contact with. Then he decides what he would do under like circumstances.

He says, "My children shall never do thus and so. My boys will do this and that. My girls shall never have the chance to meet that kind of a man. I will put them in an environment that will preclude any of the results I have seen cross the path of others. I will have nothing like that in my life," he thinks. The wife he picks out will have all the virtues and none of the faults that some men find in their wives. He knows what he wants; he will never compromise on anything else. These mental rules and regulations grow more and more fixed as he grows older. Certain things he puts in italics so he will be sure to remember them when the time comes. He makes note of examples he particularly dislikes. But when he tries to put these theories to the test, he often finds it is like putting a square peg into a round hole. I heard a man say, "My daughter shall never go to house parties. I don't believe in them, there is too much laxity and freedom among the young people."

He followed this rule until he had made the daughter he loved very unhappy, because she could not accept the invitations that had been given to her. Then recognizing the kind of daughter he had, he broke the rule.

Another man said: "My wife shall never dance. We will finish with all that when we are married." The little wife with all her wedding finery sat home by the fireside. She was so pretty, so attractive, that he suddenly realized he would like to show her to some of his friends, just to let them see what a prize he had won. As she told me afterwards, "He was really angry with any of his friends who did not dance with me, and he was much more pleased than I was at my success at our first ball together."

It is a great thing to plan the kind of life we want to lead and to have our rules of life, but we must adapt ourselves to every day life and those with whom we come in contact. A woman does this much more naturally than a man. Hers is a more practical school of training, that modulates and changes some of her wishes and individual ideas. Life has taught her that she must conform to the life she comes in contact with.

We must weigh the practical with the visionary, then follow the most rational result.

THE BORNEO PIRATES
Wide World: Brunel, Borneo, is one of the strangest cities in the world. Once the headquarters of the Borneo pirates, it is a kind of eastern Venice, being built entirely over the water. This remarkable city is the capital of the state of Brunel, Borneo. All the houses are built over the River Limbang, constructed on slender piles made from the Nibong palm, a wood that resists the action of water for many years. The inhabitants of Brunel are Malays, Kadavans, Orang-Buskits, and a few Muruts. They earn their living mostly by trading with other tribes in the interior of Sarawak and British North Borneo. Some of them are very skillful brass workers, and the Brunel women make beautiful cloth, interwoven and embroidered with gold thread. Sago is grown in the valleys near by, and a small quantity of rice is also raised. In the early part of the nineteenth century Brunel was the rendezvous of the dread Borneo pirates and a market for the slave trade.

DIET OF GREEK ATHLETES
The actual diet used by the ancient Greek athletes consisted of a certain kind of cheese, specially prepared from goats' milk. Later on a flesh diet was introduced. The Romans, in the early stages of training, utilized a vegetarian form of diet, consisting of dried figs, new cheese and boiled

FASHION LETTER

BY MARGARET MASON
(Written for the United Press)

Now that the wintry North wind blows, One needs do likewise with the nose; So bear in mind this thrifty line: A handkerchief in time saves nine.

NEW YORK, Dec. 20.—It is indeed an ill wind that blows no good, for it's the rawest, nastiest of winds which necessitates the "handy hanky"; but who wouldn't have a cold in the head just in order to have one of the stunning new handkerchiefs in the hand?

Time was when the exclusively monogrammed handkerchief and the ones embroidered with the whole signature of the possessor were not for every common nose to be stuck into. Just the patrician proboscis revealed in such exclusively marked fine linen, and the signature hanky was held solely to the quivering nostrils of the rich and high born.

This merry Christmas season has revolutionized all this, however. A hanky hand-embroidered, with a facsimile of the owner's own dashing signature is now within the reach of all and every nose. For fifty cents you may have your full name done in any color on a good quality linen handkerchief.

Naturally, the thicker you care to go as to price, the thinner the quality of linen in your hanky will be.

So there you are! And with the hoi polloi blowing over their own hanc, embroidered signatures, whatever are the elect going to do for an exclusive novelty in the monochlor line. Perhaps they'll go a bit further and have their birth certificates, marriage licenses or pedigrees worked out in original design.

Like fairy gossamer are the tiny, handspan linen glove handkerchiefs with wee hand-hemstitched or scalloped edges, some with intricate monograms and others with exquisite embroidered garlands and wreaths. Wide hems, narrow hems, scrolls, lace edging and edges bound in colors are but a few of the manifold manners of finishing these dainty linen squares. To disguise a necessity as a luxury has been achieved with the acme of success in these handkerchiefs of these winter days.

The color note in gayest futuristic or dainty pastel tones entered often either in the hems, the embroidery, or even occasionally colors the entire handkerchief itself.

For infant noses and the undeveloped button noses of peurlity, adorable little silk and linen squares bloom with the omnipresent sportive Kewpie in alluring colorings and quaint little cross-stitch people coining everything from hanging out clothes to shooting Indians.

Truly, they would make most any nose gay.

JUROR'S BOIL HALTS TRIAL

CLEVELAND.—A bon on the neck of Juror E. R. Russell, 2432 East Fortieth street, caused a whole day's delay in the breach of promise suit of Miss Mamie Schneider against Richard August.

On complaint of Mr. Russell that his suffering prevented him paying attention to the evidence, Judge William Neff adjourned the case until later.

Miss Schneider, who charges that August obtained her promise to marry him, gave her a topaz ring and then married another girl, asks \$50,000 damages.

HONOR MISS YOUNG

Misses Mary Andrews, Della Wagner Hostesses Saturday Compliment Bride

Miss Dalma Young was again the complimented guest at a charming social function at which Misses Mary Andrews and Della Wagner were hostesses on Saturday afternoon at the former's home.

A dainty color motif of pink and white was artistically carried out with roses and rare sweet peas, arranged together with lacy ferns in graceful baskets and vases.

In a series of interesting progressive games, Miss Young very appropriately won the handsome prize, a mahogany serving tray.

A delicious two course collation was served at the small tables and Miss Young was showered with hosts of good wishes by about forty of her closest friends present, including the following:

Misses Grace White, Jennie Dale, Sadie McConaughy, Artie Cleveland, Eunice Bauer, Lottie Sweet, Mary Henderson, Lana Brokaw, Esther Swedell, Stella Kaufman, Ethel Wright, Blanche Collins, Bertha Barclay, Pearl Plumb, Vanche Plumb, Josephine McCrory, Minna Kopplin, Eunice Davis, Emma Hasty, Glenna Abbott, Linda Paul, Lois Thacker, Florence Esselburn, Ursula Lee, Strisler, Alma Steward, Ella McClain, Olive Wagner, Wilma Andrews, Mmes. LINEN SHOWER

Miss Helen Crose Honored By Philathea Class First Congregational

A very delightful social courtesy was shown Miss Helen Crose Saturday evening by the members of the Philathea class of the Congregational church at the home of Miss Helen Mary on North Bush street.

Miss Crose expects this week to become the bride of Ira Hart of Flagstaff, Ariz.

The marriage was beautiful with its rich decorations of scarlet spicy carnations and regal poinsettias and the time was pleasantly spent with games of various kinds.

Miss Crose received many dainty and beautiful gifts of linen, the handwork of her friends, the packages being cleverly concealed in the depths of two large red Christmas bells.

Before the young women departed they were served with delectable refreshments, those participating being

THE CALIFORNIA HYPHEN

They're troublin' lots about the man who puts a hyphen in between the word American and country where his kin.

All lived before he came across the sea to settle down.

Beneath the Stars and Stripes somewhere in city or in town.

Some say the hyphen should be "drawn," one country stricken out.

And others say the hyphen is too small to think about.

At any rate the hyphenated citizen is due.

To get a lot of ridicule—the kind good patriots rue.

But while they're puzzling o'er the dash that gives us only half

Of each and every foreigner and migrating riffraff,

Our dear old California is growing like the "deuce."

And most its population has a hyphen in full use.

Iowa-California is a hyphen often seen,

Ohio-California is believed by some "real keen."

There are Kansans and New Yorkers and some Illinoisians, too.

And from every other U. S. state there are at least a few.

So here's to California and its many hyphens that

Have placed it where full many states have tried to hang "their" hat.

E'en though the hyphen can be seen it doesn't change a bit

The fact we're near state citizens (not even one small white).

—Max B. Cook.

HARD SLEDDING FOR PLAYERS IF PEACE COMES, SAYS GAVVY

Gavvy Cravath, Philadelphia National League outfielder, has not yet signed a contract for the 1916 season. There is no doubt that he will be on the roster when the team reports for spring training. Cravath is confident that his salary will be at least \$5500, the same as he has been getting for the past two years.

Cravath thinks that if "peace" is declared in baseball all players will find a more or less hard row to hoe. He declares that former Federal Leaguers will experience trouble when it comes to signing up contracts.

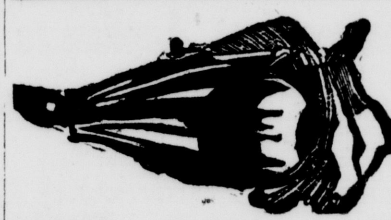

Cravath and Ernie Johnson of the St. Louis Reds are at Laguna Beach. Johnson's contract with his team still has two years to run.

AMUSEMENTS

West End Theater

For this week, commencing today, Manager Schlesinger is offering patrons of the West End Theater the finest line of entertainment that has ever been shown in Santa Ana. The bill will consist of two changes, offering Marguerite Clark in "Still Waters" on Monday, Tuesday and Wednesday, beginning today, by the noted author, Edith Barnard Delano, author of "Rags" and "Tess of the Storm Country," and on Thursday, Friday, Saturday and Sunday the world renowned prima donna, Geraldine Farrar, will be seen in "Carmen."

In order to accommodate the crowds for "Carmen," one extra show will be given every day at 6 p. m. and the box office will open at 5:30 p. m.

Don't miss either of these plays. A splendid musical score has been arranged for the occasion.

Princess Theater Tonight

No expense has been spared to make "The Regeneration" one of the strongest pictures that has ever been filmed. Under such a great director as R. A. Walsh, and with scenes and settings on which no cost was spared, with types from the Bowery that it took weeks and months to secure, and in fact with everything as nearly human as human ingenuity can make it, this picture, it is predicted, will be an epoch in the film world. There are scenes of New York life that are too human and too perfect to describe by words. The part of Mamie Rose is taken by Anna Nilson, who for the past four years has been considered one of the sweetest and most charming actresses of the shadowy screen. Others to contribute to the success of the cast are Rockcliffe Fellowes, who became a star on Broadway his first year in the theatrical world; William Sheer, who has made millions of friends on the screen through his exceptionally fine character work, and thousands of others who go to make this great picture the success that it is bound to have.

NEWPORT MAN IS DROWNED WHILE OUT HUNTING

Thos. Porter Breaks Through Ice On Lake In San Bernardino Mountains

While duck hunting on Baldwin Lake, in the San Bernardino mountains Saturday, Thomas Porter, a plumber of East Newport, broke through the ice and was drowned. Baldwin Lake is at an elevation of about 7000 feet. It has been frozen over for about three weeks. Porter was out on the ice 100 yards from the shore. The ice was thin and broke under his weight. Every effort to reach him was futile. Men with grappling hooks succeeded yesterday in recovering the body. Porter owned a ranch at Victorville. His wife and two-year-old child were visiting at Fullerton.

HUNTINGTON BEACH GAS QUESTION IS STIRRED UP

Huntington Beach Women Tell Railroad Commissioner Their Troubles

HUNTINGTON BEACH, Dec. 20.—There is no doubt that the gas question will be thoroughly stirred up before the election on December 27. It seems that the officials of the West Coast Gas Company are determined to do everything within their power to give good service, for a while at least. There are those who maintain that the only reason for doing so is that by so doing they hope to defeat the bonds which would perhaps mean that the creditors would not foreclose on the plant and property. But, however that may be, the fact remains that gas has now been available several days at all times of the day or night so far as reported. The city trustees have called a public meeting on the gas question which was held Monday evening. Every effort was made to advertise the meeting thoroughly in order to obtain a good attendance and have all questions involving the policy of the city and the attitude of the company thoroughly discussed. As a good deal of opposition has developed to any proposal for taking over the present distributing system by the city, the Board of Trustees has placed itself on record as opposed to taking over the present system unless it is placed on the market at bargain-counter figures. There are a number of people who do not believe that the system was properly installed and for that reason think that the city should not take it over. It is also maintained that inasmuch as the company has not lived up to its agreement its franchise in the city is practically forfeited and the city need not take the property into consideration in any matter except insofar as it might seem to be a profitable investment for the city. A public hearing by the state railroad commission was held in this city Tuesday of last week at the instiga-

tion of the Woman's Club. Many interesting facts were brought out at that time. A number of citizens had made a record of the days and hours when gas service was not available and the record was truly surprising. Col. H. D. Loveland represented the railway commission. Lewis W. Blodgett of this city acted as attorney for the petitioners. Lloyd M. Edwards appeared as attorney for the defendants. F. Emerson Hoar, electrical expert for the commission, made a report criticising the management of the plant quite severely. No ruling was issued by the commissioner at the time of the hearing except that if the company continued to do business here it must give better service. The distributing system is said to have a capacity of 250,000 cubic feet and the holder a capacity of only 14,000 cubic feet. The gas company claimed to have accounts due in Huntington Beach totaling \$6000, which if paid would have enabled them to pay interest without defaulting.

THEN LAUGH Build for yourself a strong box. Fashion each part with care; When it's strong as your hand can make it.

Put all your troubles there; Hide there all thought of your failures And each bitter cup that you quaff; Lock all your heartaches within it, Then sit on the lid and laugh.

Tell no one else its contents, Never its secrets share; When you've dropped in your care and worry, Keep them forever there; Hid them from sight so completely That the world will never dream half; Fasten the strong box securely, Then sit on the lid and laugh.

Dinoulis flew for his Aero Club of America license at the Curtiss Aviation School at North Island Saturday afternoon. He is a graduate of the University of Athens.

T. R. TO RUN. IS RUMOR GAINING IN STRENGTH

CHICAGO, Dec. 20.—The belief that former President Roosevelt will participate in the Presidential campaign is increasing. It was learned today that Roosevelt's friends have secured an option on the Florentine room at the Congress Hotel during the period of the Republican convention. Roosevelt organized the Progressive party in the Florentine room four years ago. The option expires tomorrow. Medill McCormick, who visited Roosevelt Saturday, is speeding here to report the Colonel's decision.

Rumor Denied Medill McCormick, Progressive leader, arriving after visiting Roosevelt, said: "So far as I know, Roosevelt is not a presidential candidate." He denied that the Florentine room had been reserved for the Roosevelt convention. He reserved twenty rooms for Colonel Frederick Hale Mines, the Republican national committeeman.

FIGHT SAN DIEGO REQUEST FOR A RESERVOIR

LOS ANGELES, Dec. 20.—The Land Office today is hearing the application of the City of San Diego for a canal right-of-way and a dam site on the Capitán Grande Indian reservation. Indian Agent H. H. Manchor and representatives from the La Mesa Irrigation District are vigorously opposing the application. They claim that the promised reservoir will inundate four-fifths of the Indians' farm lands and deprive ranchers of irrigation waters. San Diego vainly sought a change of venue. The proposition means millions to San Diego. The hearing is likely to last for weeks.

PRESIDENT AND BRIDE REMAIN SECLUDED

HOT SPRINGS, Va., Dec. 20.—The President and his bride today remained secluded, answering congratulations from every part of the world. Photographers ceased their attempts to photograph the couple.

WASHINGTON, Dec. 20.—President Woodrow Wilson and Mrs. Edith Bolling Galt were married Saturday night at the home of the latter, 1308 Twentieth street, Northwest. The ceremony was performed by Dr. Herbert Scott Smith, rector of St. Margaret's Episcopal church, assisted by Rev. James Taylor, pastor of the Central Presbyterian church, which is attended by the Wilson family.

The guests who witnessed the ceremony numbered less than thirty and when congratulations were over and a light wedding supper had been served, the President and his bride motored to the Union station. There they boarded a train and departed at 11:15 o'clock for Hot Springs, Va., where the honeymoon is being spent. Plans for a more extended wedding journey were abandoned almost at the last hour because of the possibility of a break in diplomatic relations between the United States and Austria over the Ancona note.

The President's itinerary will bring him and the new first lady of the land back to the White House on January 2. Mrs. Wilson's first public function will be the Pan-American reception on January 7.

THE CITY POLICE

TWO HOMES ARE ENTERED BY A BIG FOOTED BURGLAR

A Small Amount of Cash, Two Watches, a Safety Razor and Handkerchiefs Gone

A burglar broke into the home of Miss C. E. Dresser at 115 East Tenth street Saturday night and stole seventy-five cents in money and two watches.

The same burglar broke into A. J. Perkins' home at 1102 French street and took away \$1.60 in money, several handkerchiefs, a safety razor, blades and shaving stick.

All that is known about the burglar is that he has big feet. City Marshal Jernigan put his shoe alongside a track left by the thief, and the track of the thief is bigger than that left by the marshal's shoe. By actual measurement the burglar's shoe is eleven and three-fourths inches long. The shoe is pointed.

Entrance into Miss Dresser's home was through a rear window, where a screen was cut and cleats pried from a window. The flat was thoroughly ransacked by the thief, who was evidently hunting for money. A gold watch that once belonged to Miss Dresser's mother and a gold-filled watch bought by Miss Dresser a few years ago were taken.

It was about 9:30 o'clock Saturday night that A. J. Perkins returned home. He sat down and began reading a paper, when he noticed an unusual draft. He got up and found a window open. That caused him to investigate. A piece of glass had been broken out so that the catch was reached and opened.

The burglar did not make much of a search. He had picked up a camera that was worth a good deal more than the safety razor, but decided to leave it. He took the razor. Officer Ryan made an investigation Saturday night, and City Marshal Jernigan yesterday.

For Boozing Selling

Last night City Marshal Jernigan and Officers Pond, Smithwick and Dean raided three Mexican homes near the gas works, and arrested three men and one woman on charges of selling liquor in violation of the city prohibition ordinance.

Mariana Villanueva, Inez Gonzales, C. Gonzales and Maria Tavera, were the names given by those arrested.

Several demijohns, five sacks of bottles and a quantity of liquor were taken to the city hall.

Hunt for Thieves

Last night officers went to the corner of Main and Santa Clara streets on a report that someone was trying to steal chickens. No indications of thieves or their work was found.

Calls for Police

Yesterday morning about 5 o'clock, Officer Carter went to the corner of Eighth and Main streets in response to a telephone message from Dr. Murphy, who stated that someone was tinkering with a window there as though endeavoring to get in. Carter found no one loitering around.

Kidney Trouble Means Terrible Tortures

Hundreds of sufferers from pains in the back and sides, bladder and urinary disorders, lumbago, rheumatism, dizziness, puffing swellings under the eyes or in the feet and ankles, nervousness, tired or worn-out or headachy feeling, don't seem to realize that the greater part of all sickness today can be avoided by keeping the kidneys working properly. If you suffer from any of the many agonies that accompany weak, clogged-up or diseased kidneys you should not neglect yourself another day and run the risk of serious complications. Secure a package of Solvax, the wonderful new kidney remedy which is very inexpensive yet acts quickly and surely on the seat of the trouble. You'll be surprised how entirely different you'll feel in a very short time.

It doesn't matter how long you have suffered, how old you are, or what you have used. The very principle of Solvax is such that it is practically impossible to take it into the human system without beneficial results.

Solvax is pleasant to take, gives quick relief and has been so uniformly successful that Rowley Drug Co. will in future sell it under a positive guarantee of relief or refund the money. No other kidney remedy ever had a large enough percentage of cures so that it could be sold in this manner. A guarantee like this speaks volumes for the merit of Solvax.

There is no time like the present to do a thing that ought to be done. If anyone has kidney trouble, today is the best time to begin curing it.—Advertisement.

chosen in the finals, to be held later, to represent the Northern and the Southern divisions of California, respectively, in a debate for the state championship on the Berkeley campus in May.

It took sixty-four debates to decide the first preliminary contest, 256 high school students competing. Thus far Oreville leads the Northern division and Redlands the Southern. The other institutions ranking highest in their respective contests are the Armijo High School of Suisun-Fairfield, the Lincoln Evening School in Berkeley, the Santa Cruz, Hughson, Coalinga, and Los Angeles High Schools, and the Citrus Union High School at Azusa.

The subjects being debated this year, as part of the work of the University of California's Extension division encouraging discussion of public questions in the high schools of the state, are: "State Regulation of the Public Utilities of Municipalities," "Woman Suffrage," "Philippine Independence," "A Commission Form of Government for the State of California," "An Educational Test for Immigrants," "A National Progressive Inheritance Tax," "The Tariff," and "Government Ownership of the Telephone and Telegraph."

Bulletins on each of these topics have been published by the university, containing a brief account of the history and present status of the question, and a list of numerous references to the best writings on the subject.

Extemporaneous speaking is being encouraged also, by the University Extension division. Forty-four high schools have agreed to participate in such contests. February 4 contests will be held in eight different California towns, each school being represented by one speaker. The general

subjects have been announced, but the definite question will not be made known until thirty hours before debate. In many respects these contests to develop skill in extemporaneous speaking resemble the famous Carnot debate, held each year by Stanford and the University of California, at which the speakers discuss, as individuals and not as teams, some problem from contemporary French public life, the prize for this California-Stanford debate being a gold medal offered annually by Baron de Coubertin of Paris.

BATTERY A PASSES THROUGH SANTA ANA

Battery A, of Los Angeles, consisting of fifty men and four field pieces, passed through Santa Ana Saturday en route to San Diego. The battery stopped outside this city and the men ate box lunches. The run was made to show the efficiency of motor trucks as means of transportation for guns in coast defense. In the run to San Diego an average running time of twenty miles an hour was maintained. Lieutenant Colonel Gresham, U. S. A., accompanied the battery as observer.

"There can be no doubt about the value of the trip and mobile artillery in coast defense for this part of the United States," said Colonel Gresham. The battery passed through here on its return trip at 10 o'clock last night.

PENSION CHECK SAVES A LIFE

Chinaman Writes to S. P. Telling How Glad He Was To Get Money

From far-off China a little old man, who served the Southern Pacific Company well and faithfully for twenty-eight years, has written an appreciation of the company's pension system. His name is Chin Suey, his age is seventy, and he joined the honor roll October 1, 1914, after over a quarter of a century's service at Carlin and other points on the Salt Lake division. After joining the veteran corps, Chin Suey decided to return to China, there to spend the rest of his life. But when the Canton floods came, he was among the sufferers, and it was his pension check from the Southern Pacific Company that saved him and his family from starvation. Chin Suey tells of his relief on receiving the check in the following letter (from Hong Kong) to Secretary A. F. Hess of the Board of Pensions:

Chin Suey's Letter

"I kindly beg to inform you that I have received from your kindness my pension fund from February to June month the sum of currency dollars, total \$152.60, in full, and the money came in time to save me from starvation, as I was one of the refugees of the great flood in Canton and every-

thing has been washed away, and as I was to give all up I got a letter from the Hong Kong firm, stating all particulars, and I came to Hong Kong and received the above sum in full, and your kindness will never die from my memory, and as long as I live I shall always pray for you and God will bless you day and night, as I have no one else to depend on, as I am old, and if not for your kindness taking all this trouble for me, how can I thank you? It is more than charity and my family are praying night and day for to grant you health, wealth and prosperity, and they will always remember how you have saved their lives, and as I have nothing more to say I close with all the best wishes to you and your company, dear sir, while I remain

DECREE FINDS
BONDS VALIDDrainage District May Be Able
To Get Money and Start
Work In February

This morning a decree was entered by Judge Thomas finding the \$25,000 bonds of the Westminster District to be valid, and the proceedings all in good form.

The action to test the validity of the bonds was brought by Attorneys Williams & Rutan for W. Dean Johnston, Lloyd Edwards and Edward Golder, Jr., directors of the drainage district, which was organized to drain a large area around Westminster. "All persons" were named the defendants. None appeared to fight the granting of a decree.

With this decree it is thought that there will be no difficulty in selling the bonds, bids upon which will be taken the latter part of January. It is probable that during 1916 the system of drainage ditches will be completed. Work may start in February.

Cases Brought Here

Two actions, one on a note for \$767.73 and the other on a note for \$1500, brought in San Francisco by G. E. Dolan against T. M. Asari and K. Ikito of this county, have been transferred here on the motion of Attorneys Williams & Rutan, attorneys for the defendants.

Will Is Filed
Misses Geneva E. and Nellie F. Johnson have petitioned for letters upon the estate of their mother, Mrs. Amanda M. Johnson, who left an estate valued at \$20,000. Under the will, the estate goes to four daughters, Williams & Rutan are attorneys for the petitioners.

Estate Appraised
The estate of Ludwig Reuter has been appraised at \$7442.20, and that of George H. Lawrence at \$4425.

APHASIA VICTIM?

LOS ANGELES, Dec. 20.—Convinced that her husband, who went to Calexico four weeks ago, changed his name to "W. L. Ford," and vanished, is a victim of an attack of aphasia and is either ill in some sanitarium or has met with foul play, Mrs. W. L. Sowards of Mannassa, Colo., has come to Los Angeles to solve the mystery of his disappearance.

A letter from the missing man—a sheep and cattle buyer—informed the grief-stricken wife that her husband was ill in Calexico and in sore need of funds. The communication, the only one received by Mrs. Sowards, came Tuesday. She at once wired her husband to meet her at the Salt Lake station here and started for this city. Mr. Sowards did not meet her.

SAN FRANCISCO, Dec. 20.—Captain T. M. A. Anderson, of the steamer Sacramento, today pleaded not guilty to a charge of violating neutrality laws and taking munitions to the German fleet off the Pacific coast.

IN THE JUSTICE COURT

CHARGE THAT HORSE
AND BUGGY STOLEN
FROM LIVERY BARNWilliam Wheatley Is Landed
In Jail By Constable Clark
Of Garden Grove

Bill Wheatley, a derelict, is in the county jail on a charge of stealing a horse and buggy from Ned Dunatan's livery stable at Garden Grove.

Wheatley first showed up at Garden Grove several weeks ago with a teaming outfit that had a contract to haul wood to Los Angeles. Too much drink is assigned as the reason he lost his job. He went to the livery stable, and was allowed to go to work there for his board. That was a month ago. Four laprobes and half a sack of barley were taken. Yesterday morning the rig was missed, and Wheatley also was gone. Constable John Clark of Garden Grove got on the job, and telephoned a description of the horse and buggy to Los Angeles police.

Yesterday afternoon a Los Angeles detective found Wheatley and was offered the rig at a low figure. The detective recognized the man and rig by the description sent by Clark, and Wheatley was arrested. Clark brought him to jail here at 2 o'clock this morning.

Theft Is Charged

S. L. Vinson, a pool room man of El Modena, has sworn to a complaint against H. T. Caravantes, charging that Caravantes stole a check for \$11.37 from him. The check was drawn on the First National Bank of Tustin, made out to J. Puentes and endorsed by Vinson. The theft is alleged to have occurred on November 28.

Last week Caravantes had an employee of Vinson's pool room arrested on a charge of disturbing the peace. The man was fined \$10.

Urges Continuance

The Board of Supervisors today received a letter from Frank Wiggins of the Los Angeles Chamber of Commerce urging that this county continue its lecture-room work at Los Angeles throughout 1916. Wiggins states that during the first eleven months of this year 11,000 persons heard the lectures on Orange county given in the Los Angeles Chamber of Commerce. He said that "as Orange county presents about the best argument, we wager that a goodly number will be counted among your taxpayers."

**GREAT REVIVAL
HELD HERE IS
AT AN END**

Closing Meeting At the Tabernacle Was Held Last Night
 —Big Crowd There

The great four weeks' revival held here under the auspices of five of the city churches and conducted by Evangelists Price and Guice, came to a successful close last night at the big tabernacle erected for the purpose. There were probably 3500 people in the great audience and about twenty-five converts, making about 400 who have surrendered to Christ during the campaign. Many of these have joined with the various churches.

The big choir was at its best, augmented by the First Methodist Church orchestra of young people, who have been faithful attendants during the services. Rev. E. J. Inwood led in a fervent prayer and Rev. J. A. Stevenson made the announcement of the offering taken as appreciation of the excellent work done by these two earnest men. Rev. Stevenson said he did not appear as a beggar, but as the ambassador of Christ. The orchestra played during the offering. Rev. Guice beautifully rendered "The Penitent."

Evangelist Price, although exhausted after an eleven weeks' steady campaign, preached a powerful sermon, taking for his text, "My Spirit Shall Not Always Strive With Men."

He told of how a man can tell whether the spirit of God is working, when a man's attention is drawn to his soul and God and eternity, when he is convicted of his sins, when he gives Jesus Christ a square deal and when he realizes that he has had his last chance.

Every time a man fights against God it becomes easier the next time and finally leads to the commitment of the unpardonable sin, the sin of blasphemy against the Holy Ghost.

A man can know when God's spirit has ceased to strive for him when he reaches a state of absolute and complete indifference.

Thanks to All

Evangelist Price voiced the thanks of himself and his singing partner, Evangelist Guice, one of whom would not be complete without the other, to all those who in any way assisted to make the revival a success; to the pastors, to the great choir, to the orchestra, to the ushers and to the newspapers.

Sunday Afternoon

There were very few families or members of families when the shoe did not fit yesterday in the sermon-lecture presented in the afternoon by Evangelist Price. The title was "Home Life or What Are You In Your Home?" Perhaps one of the reasons it was so much enjoyed was because every one knew his next door neighbor was being chastised just as much as he himself. It was a talk that held up the mirror in some way to father, mother, husband, wife and children.

The edge was taken off now and then with a story or a remark that caused a ripple of laughter to run over the huge audience.

The speaker first paid his respects to the husband. He was asked what kind of a companion he had been to his wife, after she had sacrificed everything for him. Did he just give her a home, good clothes or a social position, did he give her love or did he do his best to make her happy. The story of the woman who had been married thirty years to a man who still had not found out that she hated the color of red, who received a red wrapper costing \$1.12 1/2 for Christmas, was a good illustration. When the poor woman wept with disappointment, the clumsy husband told her not to weep, "that she deserved it."

The advice was given that, like the business man and merchant, people take stock or inventory at least once a year of their lives. Also that the business man try taking his store courtesy home with him and his home manners to his business and see how it works.

Fathers were then given attention and asked what they had provided for their children. Had they just simply fed, clothed and educated them? In case of death, the county would do that. Many men turn their children over to their wives and expect her to make angels out of clumps of the old block.

Coming to the women, Evangelist Price stated with a smile that they had been enjoying things immensely and proceeded with some wholesome advice to the wife, who although she gives up 10,000 times more than the husband, can either make or mar his home. She can sometimes help him to the topmost rung of the ladder or keep him down at the bottom, being a proverbial millstone about his neck.

Sons and daughters were asked how they treated their parents. There is something due them that money cannot buy. Nowadays, however, old people are in the way. Children will toss them a few dollars, but don't want them in the way. Monuments should be placed in our parks and public places to mothers as well as to their great sons.

Slaying the Lions

One of the most successful and inspiring meetings of the revival campaign was that Saturday evening, special high school and Sunday school night, when the whole central section of the big tabernacle was filled with young people. At the close of the meeting nearly all of these young folks came to the front answering the request of the evangelist that all those "in the clear for Christ" should come forward.

Rev. J. A. Stevenson delivered an ardent prayer and one of the features of the occasion was the solo by Guice, the sweet singer, who sang "There's Time Enough Yet," the plea of the young when asked to give their lives to Christ.

The Devil the Great Lion
 Evangelist Price used two texts, one from St. Peter's first epistle, "Be sober and watchful, because your adversary, the devil, as a roaring lion goes about seeking whom he may devour," and the other from first book of Kings,

"And a lion met him in the way and he slew him."

The devil is plainly shown in the Bible to be a clever, intelligent personality, who has many schemes of reaching the young people of today. The first lion to be slain is indifference; the second that of doubt, prejudice and egotism; the third, the craze after fun, which the speaker designated as the most deadly beast to overcome. He did not object to all the clean methods of recreation, but made serious objection to bad books, sex literature and many other modes of having pleasure, which modern young people select and which precludes religion from their lives. The last old lion to be slain is man-fear or craze after popularity. Cheap popularity does not last as long as a circus day balloon. The chief thought is "What will somebody say or think?" When a young man or woman sees what is right let him or her get on that side and let the circumstances take care of themselves," advised the speaker.

HUERTA NEUTRALITY TRIAL ON BEFORE U. S. GRAND JURY TODAY

SAN ANTONIO, Tex., Dec. 20.—Aged and broken since his arrest by the government last summer on the charge of violating American neutrality, General Victoriano Huerta, one-time dictator of Mexico, was to be brought before the Federal Grand Jury here today with five of his generals to testify concerning the \$12,000,000 Germany is alleged to have furnished Huerta with which to start another revolution in Mexico.

New York papers recently published what purported to be extracts from United States secret service agents' reports telling of the alleged expenditure of \$27,000,000 of German money for pro-German propaganda in the United States, by Captain Franz Von Rintelen. Twelve millions of this amount, the reports are said to have shown, were to be used by Huerta in fomenting the new revolution in the hope that the United States might be so involved in Mexico that it would have no time to heed Germany.

The report contains affidavits showing the efforts, made by German agents to purchase arms and ship them to Mexico as an armament for General Huerta.

SIGNALS OF DISTRESS

Santa Ana People Should Know How to Read and Heed Them

Disordered kidneys give many signals of distress.

The secretions may be dark, contain sediment.

Passages are sometimes frequent, scanty, painful.

Backache is often present day and night.

Headaches and dizzy spells may occur.

Weakened kidneys should receive quick help.

Don't delay. Use a special kidney remedy.

Doan's Kidney Pills are for weak kidneys, backache and urinary disorders.

Santa Ana evidence proves their worth.

R. J. Haines, 206 Ross St., Santa Ana, says: "I had pains through my back and sides. It was hard for me to straighten after stooping. The action of my kidneys were irregular. When I used Doan's Kidney Pills, they made my kidneys normal and stopped the pains."

York. One of the first disclosures which led to the unearthing of the conspiracy was made by a man who is said to have received \$50,000 at El Paso for campaign work for the new revolution. Later developments, it is alleged, proved that Felix Diaz was getting money and ammunition as well as Huerta.

A hint of the part to be played by Felix Diaz reached Rafael Zubardan, the Carranzista agent in Washington, who disclosed the plan to United States Consul Silliman at Vera Cruz, with the result that a shipload of arms and ammunition destined for Diaz was stopped at New Orleans. During the attempt to stir the revolution in Mexico Captains Boy-Ed, Von Papen and others in the conspiracy were alleged to be active in obtaining Mexican passports from Germans and German sympathizers in that country to enable them to get back to Germany. Some went on Mexican passports to become spies in England, France and Russia. With Huerta today will be his generals—Ygnacio Bravo, Eduardo Caus, Jose Deldago, Enrique Corostita and J. S. Rafter, charged jointly with having plotted to organize a revolution in the United States and invade Mexico simultaneously from several border points. All this is according to the alleged secret United States report.

Huerta was arrested in West Texas last summer in company with General Pascual Orozco. The former dictator waived preliminary examination in El Paso, July 9, and on his refusal to furnish a \$15,000 bond was confined at Fort Bliss. His health failed and a few weeks ago the federal authorities allowed him to go to his family in El Paso, under surveillance of United States deputy marshals. Orozco forfeited his bond, became leader of a bandit gang and in September was killed in the Rio Grande country.

EXTENSION LECTURES ON FAMOUS MODERN DRAMAS TO BE GIVEN

UNIVERSITY OF CALIFORNIA, Dec. 20.—Six Southern California cities are now to have what has proved one of the most successful University Extension lecture courses ever given by the University of California, a course on "The Modern Drama" by Mrs. Aurelia Henry Reinhardt, instructor in English in the University Extension Division.

Arrangements have now been made for Dr. Reinhardt to give one lecture a week for six weeks on "Modern Drama" in Los Angeles, Riverside, Long Beach, Corona and Colton. Highly skilled as a dramatic reader and highly trained as a scholarly critic (a graduate of the University of California, Mrs. Reinhardt received the degree of doctor of philosophy from Yale University) the University Extension Division has been besought from all sides for opportunity to hear her interpretation of the achievements of such notable figures of present-day dramatic literature as George Bernard Shaw, J. H. Barry, Sudermann, Hauptmann, Tchekhoff, Brioux, Ibsen and W. B. Yeats.

P. T. ASSOCIATIONS HEAD MOVIES HERE

A Juvenile Motion Picture Federation was organized in New York last summer to secure both quantity and quality to moving picture shows for children under 16 years of age.

Having met with serious difficulties in securing suitable pictures for special performances for children, this federation appealed to the National Board of Censorship (of motion pictures) for help; and now certain films (suitable for children, approved by a committee from the national board to go with all information in regard to them, are to be reported to this newly organized federation. They are to be kept separate and a list of them

may be secured by other organizations working under similar difficulties.

There may be those who do not believe in mental telepathy or the peculiar workings of the sub-conscious mind; be that as it may, early this fall there occurred to the minds of some women of our Parent-Teacher Association, that just such a move was necessary, and not knowing at the time that just such a thing was in the air "away back East," they decided to make an effort along this line in their own little way in their own little town. They felt quite timid, too, in working out an idea entirely original with themselves (as they thought). Now they find many magazines are printing articles upon this subject; that already in New York City two leading theaters are giving performances for children every Saturday afternoon, and that four or five other large cities over the country are trying the experiment. The Outlook for December 8th says, "If all goes well the Juvenile

Federation hopes to launch legislation forbidding children under 16 years of age to be allowed among the spectators of any but their own specially censored films."

The demand for more and better pictures for children seems to be growing all over the country and we know that what the public demands the public secures, if only the demand be forceful and insistent enough.

The subject has been gradually worked up until all the Parent-Teacher Associations of the city, below the high school, have decided to stand together in this matter, and so a committee composed of a representative from each of these eight organizations held an important meeting Thursday afternoon. The meeting was called to take, if possible, some definite action in regard to a Saturday afternoon moving picture show for children. This committee realizes the use as well as the abuse of moving picture shows, knowing that any picture makes

a strong impression on the average child and a picture in action the strongest appeal for good or evil. They also recognize the difficulty in securing a program distinctly for children which will be both educational and entertaining and yet non-objectable. Many children are not allowed to go at all to these shows because what would otherwise be a splendid program is often spoiled by reels either entirely over the heads of younger children or decidedly objectionable for them. On the other hand, many children are allowed to go to any and all shows without regard to fitness.

The manager of the West End Theater appeared before this committee and offered to give up the Saturday afternoon performance to a children's program, making a special effort to secure such films as would be non-objectable, entertaining and as far as possible educational. The committee to be allowed to see or have a

synopsis of the plays before given when possible, and the theater to stand all expense within reason.

The committee agreed to accept this proposition and to give the effort a trial of two months. They realize their efforts may be misunderstood and the first attempts may not be all they might wish, but feel it to be an opening wedge for better shows for our children.

If there are parents who do not approve of any theater under any circumstances, they need not allow their children to attend, but the committee asks that they at least be willing to concede that any effort is commendable which tries to raise the standard for the many children who do attend. These Saturday afternoon performances are to begin the first of the year, notice to be given later.

GREAT CONTRAST 'SUN SETS LIKE EXPLOSION IN PAINT FACTORY,' SAYS WRITER

(By WILLIAM G. SHEPHERD, United Press Staff Correspondent.)

By ED. L. KEEN

(United Press Staff Correspondent)
LONDON, Nov. 19. (By Mail)—Imagine John D. Rockefeller introducing Bill Haywood to an audience recruited about equally from the realms of the limousine and the push cart.

That's about like the spectacle at which London was amazed the other afternoon when the Duke of Rutland led Ben Tillett to the stage of His Majesty's Theatre before a thoroughly mixed crowd of "upper" and "lower" class Britons and launched Ben's lecture on the war.

Rutland—tall, monocled, frock-coated, spatted, with Cambridge accent and Mayfair manner—Tillett—short, stumpy, sack-coated, baggy-trousered, with an East End jaw and a Cockney accent.

The Duke—tortoise of tortois, his family tree rooted in the middle ages, a top-notch of the British landed gentry, and what certain Americans doubtless would term a "malefactor of great wealth."

The Docker—man of the people, day-laborer, England's most belligerent strike-leader and, in his own words, an "international social revolutionist"—before the war.

It was a graphic illustration of the leveling effect of war in this country of classes.

Duke and Docker were on the same mission—to impress the British public with its responsibility toward the men at the front.

The aristocratic Rutland praised the patriotism of the hundreds of thousands of Ben Tillett's type who answered the King's call; and Tillett handed it right back to the aristocracy.

With a forcefulness and rugged eloquence that brought as much applause from fashionably clad women in the stalls as from his own friends in pit and gallery, Tillett told how he had seen "toffs" and truckmen on the Flanders battlefield fighting, playing, eating, sleeping, dying side by side. "Whether they came from Eton or Oxford, or from Bethnal Green," he cried, "when they faced the hellish German fire they were as one man."

He had met a young officer, a "knu"

SALONICA, Nov. 2.—(By Mail).—The sun goes down like an explosion in a paint factory in this part of the world.

All the mixtures of tongues and uniforms and ships and flags of the various armies and navies centering in Salonica are not in greater contrast than the melange of color which fills the evening skies as the sun sinks nightly behind the peak of Olympus where the Greek gods lived and played.

"Even greater than the variety of color in the city or the sky is the variety of opinion in the cafes when the thousands of men of many races gather with the lighting of the evening lamps to talk over what the future holds."

There are Germans; they didn't move away when the allied armies came. Salonica is as much an ally headquarters as the headquarters in France, but the Germans haven't departed because Greece is neutral.

The Germans are sure that, sweeping past us 400 miles to the north, the German hordes are pouring through Serbia toward Turkey. Some of them think that the time is not far distant when the Germans will be in Salonica, too.

Then what will these British and French do? Where will they run to? But you don't hear Germans talking this way, loudly. It's among themselves they say such things, in their own cafes.

Englishmen are divided. Most of them are glad the allies came to Greece, others say it was a mistake. "Why won't Italy send an army to help us in Serbia?" asks a Frenchman. "She could easily send 100,000 men. She ought to do as much as the allies, for her future is at stake."

"But Italy isn't fighting Germany. She's fighting Austria, and she's going to put up such a stiff fight on the Italian frontier that the Austrians will have to withdraw troops from Serbia to keep the Italians back," explains an Italian newspaper correspondent.

Turks, in their red fezzes, sit in the same cafes in Salonica with English officers fresh from the Turco-British fighting in the Dardanelles. Two weeks ago the Englishman was popping away with his rifle at every fezz he saw. Today he passes them as placidly as if peace had been declared.

Indeed, it is a sort of peace that you see in Salonica, a peace of shooting but not of thinking. Bullets don't fly, but opinions do. All the different opinions held in every corner of the world regarding the World War may be found here in this city of 185,000 persons and every evening after the sun has set the pace with his riot of color in the Olympian sky, the occupants of the old Greek city fill, with their riot of opinion, the Salonican cafes.

Through it all there's a tension in the atmosphere. Serbian refugees are in the city from Belgrade, Nish and Ushub. They are living reminders of that cyclone of war that is raging to the north of us.

Will that cyclone sweep past Greece and leave it unharmed? Or will the Germans come down to Salonica? And if they come shall we people of the city flee as the Serbians have done?

Or will the Greeks go with the Germans and try to drive the allied armies out of Greece? All the men of Greece are mobilized; you can see them digging trenches along the Aegean sea as you come toward Salonica.

Will the Grecian king give the word to his army to fight the allies; the Queen of Greece, you know—his wife—is a sister to the Kaiser of Germany, and the king's word is law, now that all the men of Greece are no longer mere citizens, but have become soldiers.

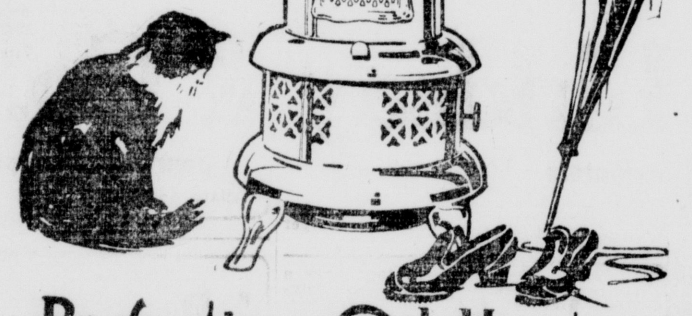

Or perhaps the Greeks may go with the allies; is that possible? Will they try a dash into Bulgaria? Or will the Bulgarians try a dash at Salonica, this city where Bulgarians and Greeks fought one whole night through the streets, three years ago with the result that Salonica over night became a Greek city, while the Bulgarians fled?

All of these questions you hear discussed in the excited cafes of Salonica, these warm, semi-oriental nights. Just now all the questions that the world is asking about what is going to happen in the neighborhood of Salonica are being asked in Salonica itself. The folks here don't know any more than the folks in New York.

But will the answer be any more important to them, near as they are to the scene, than it will be to New York? What happens in the Balkans, within the next few weeks, may send tidal waves to the ends of the earth and to the ends of human history.

LOST—RHEUMATISM AND STOMACH TROUBLES. FOUND—HEALTH AND HAPPINESS AT MURIELLA HOT SPRINGS, MURIELLA, CALIF. America's finest Sulphur and Mud Baths and Swimming Pool. Booklet at information bureau, or by writing, Fritz Guenther, Prop. H. Guenther, Manager.

MOTHERS AND DAUGHTERS OF CALIFORNIA, TAKE THIS ADVICE!

San Francisco, Cal.—"When my daughter was 19 she had the most extreme form of female trouble. I gave her 12 bottles of Dr. Pierce's Favorite Prescription; it cured her. She has never had any return of the trouble."

"I have taken Dr. Pierce's Pleasant Pellets for years to keep my bowels regular. One pill a week was all I had to take. I am 73 years old and attribute my splendid health to this."—Mrs. E. BLEVIN, 624 Castro St.

Dr. Pierce's Favorite Prescription is a true friend to women in times of trial and at times of pain when the organs are not performing their functions. For headache, backache, hot flashes, catarrhal condition, bearing-down sensation, mental depression, dizziness, fainting spells, lassitude or exhaustion women should never fail to take this tried and true woman's medicine. It is a remedy that any ailing woman can safely take because it is prepared from native roots and herbs.

It's not a secret remedy for all the ingredients are printed on the wrapper. Sold in either liquid or tablet form.

Sick people are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential.

Send three dimes (or stamps) for mailing charges to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and enclose this notice and you will receive a copy of the "Common Sense Medical Adviser," all charges prepaid.

Dr. Pierce's Pellets are unequaled as a Liver Pill. Smallest, easiest to take. One tiny, Sugar-coated Pellet a Dose. Cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Bilious attacks, and all derangements of the Liver, Stomach and Bowels.

The Roof that lasts for Ages

That is what is said about this ready roofing by those who use it, because it is practically indestructible. It makes any building immune against every enemy that can attack a roof.

J-M ASBESTOS ROOFING

is a combination of the famous Asbestos (rock) fiber and the great weatherproof, Trinitite Lake Asphalt. Fire time or weather cannot affect it.

It will stand for any length of time fire tests that would destroy in a few minutes any of the so-called fire resisting roofings.

J-M Asbestos Roofing never requires painting, graveling or repainting.

It saves money and worry from the day it is laid.

Write or call for Samples of this Roofing and Booklet.

Los Angeles Produce Market

Higher prices for nearly all varieties of dried fruits went into effect yesterday. Supplies of evaporated apples and apricots are shrinking all over the country and as a result dealers have been forced to advance quotations on the stock they have on hand. Extra choice apples are now selling for 9 cents a pound, with fancy bringing 9½. Choice apricots are worth 10½ cents a pound, with the fancy grade selling at 11½. Sweet potatoes are very firm and by the lug are commanding a price of 75 cents. Jobbers are not very willing to sell sweet spuds by the lug and many of the larger wholesalers will only sell the potatoes in crate lots. Tomatoes are up to 65 to 75 cents a lug. New crop papayas are in the local market and opening prices to the trade are 35 cents a pound. Early shipments show good quality and it is claimed that fully 85 per cent of the crop is of shipping grade.

Trading on the produce exchange Friday was confined to eggs, twenty cases of fresh ranch stock selling at the improved price of 37 cents a dozen.

HUNTINGTON BEACH, Dec. 20.—Bill and Ben Seal, the two pets of the city which have been kept in captivity for some months, have proved more of an expense than was anticipated at the time the capture was made and the city trustees are considering what disposition to make of them. At this season of the year they are not much of an attraction to visitors as the number of visitors is comparatively small and the question of disposing of them in some way is being seriously considered.

Mrs. H. T. Sundbye of this city is conducting a closing out sale in Santa Ana for her brother, H. D. Meyer, of Pasadena.

A dolphin twelve feet in length and six feet in circumference was washed up on the beach at the foot of Ninth street last week and was the center of interest for a great many citizens and visitors.

MESSAGE OF JOY TO
CATARRH SUFFERERS

Hyomei Guaranteed by Rowley Drug Co. to Relieve or Money Refunded

The popularity and increase in sales of Hyomei here in Santa Ana are unique in the annals of medicine. Such astonishing successes have been made by this remarkable remedy that the proprietors have authorized Rowley Drug Co. to sell every package of Hyomei under an absolute guarantee that it will knock out catarrh for good. If it does not, the purchaser can have his money refunded by Rowley Drug Co.

Hyomei is no ordinary remedy. It is pronounced the only method of treatment that sends by direct inhalation to the most remote part of the air passages a balsamic air that destroys all catarrhal germs in the breathing organs, enriches and purifies the blood with additional ozone and gives permanent and complete relief from catarrh.

The complete Hyomei outfit is inexpensive and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a life time, and if one bottle does not cure, an extra bottle can be obtained for a trifling sum. It is more economical than any remedy advertised for the cure of catarrh, and is the only treatment known to us that follows nature in her methods of treating diseases of the respiratory organs.

Breathe through the inhaler for a few minutes four times a day and your catarrh is relieved. That's all. If not helped Rowley Drug Co. will refund your money.—Advertisement.

Huntington Beach team bowled was against Long Beach last week. Five games were played and the Long Beach team was successful in taking every one. The total of pins was 2723 for Long Beach and only 2508 for Huntington Beach. The league team also suffered defeat with one substitute playing at the hands of the Holly Sugar Company team, the score being 2532 to 2094 in favor of the sweet ones.

Two baseball teams played a match game here Sunday, the "Outlaws" defeating the regulars by the score of 3 to 1.

Play Basketball

The Huntington Beach High School basketball team played Long Beach Thursday afternoon in a practice game. The game was not much of an exhibition of scientific basketball, as the home team played a good game only by spurts. There were a few cases of brilliant team work, however, on their part and a few cases of brilliant individual work on the part of Long Beach. The game did not begin until 4:49 o'clock.

The game therefore closed at 5:20 when the field was so dark that the rooters on the bleachers could scarcely see the ball at all. Huntington Beach led the greater part of the game. At one time the score was 22 to 20 in favor of the local team, but the final score was 38 to 23, the locals winning by that margin. The Long Beach team has not been practicing long but apparently is a weaker combination than in previous years.

At the meeting of the city volunteer fire department Friday night, Carlos Rigdon was elected treasurer. The following members were present: Chief W. S. Waite, Leonard Obarr, Frank Catching, Henry Brooks and Carlos Rigdon.

Thirty-four lots at the corner of Alabama and Memphis streets have been disposed of by Rev. T. S. Uren in a trade for improved residence property at Long Beach. The purchaser, J. H. Lawrence, of Long Beach, already owned considerable property in the same section and had built some houses on his holdings. At least two bungalows will be built at once upon the property now acquired. He intends building on all of the lots in the near future.

The Huntington Beach branch of the Home Investment Association of Redlands, of which W. D. Seely is secretary, has made loans totaling \$4700 on local property for building purposes. About \$600 has been paid into the treasury in dues.

However, the city trustees are hastening the matter as much as possible and have advertised again for bids. The bids this time will be opened in January.
